Overall Length:

3.500 inches

Overall Height:

2.250 inches

Overall Width:

1.500 inches

Major Components:

Bellows 1; cradle 1; shaft 1

End Application:

Type no. An/uss-2a

Usage Design:

Used to record blood pressure impulses

Mounting Configuration:

Two 1/4 in. Diameter mtg holes at one end spaced 7/8 in. C to c and one 1/4 in. Diameter hole in center at other end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
