Diameter:

0.593 inches

Dc Voltage Rating:

12.0 volts

Individual Marking:

Set color white background; red color marking spaced equally with three small displays

Electrical Connection Quantity:

2

Mounting Facility Type And Quantity:

1 threaded bushing

Features Provided:

Hermetically sealed case

Special Features:

Manual or electrical reset

Height:

0.622 inches

Fsc Application Data:

Test set electronic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A534r0
