Overall Length:

16.000 inches

Cylinder Material:

Brass

Design Type:

Valve

Thermometer:

Not included

Capacity Rating:

32.0 ounces

Extension Tube:

Not included

Gage:

Not included

Cylinder Outside Diameter:

3.000 inches

Special Features:

Sastm method d270-50t, bacon bmob thief type sampler, heavily nickel-plated, opens automatically for bottom sampling and manually for predetermined depth sampling, used for sampling liquids of 2 lb reid vapor pressure /pvp/ or less

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T398-c
