End Application:

1650-00-738-6276

Special Features:

Primary leads red and black, secondary leads white and blue, 21.8 v input at 400 hz, 40 k ohms resistive output, form 1 pct of full scale linearity, less than 0.020 v null, less than 7pct phase shift, &65 to 275 degrees f. Cylinder assembly, aircraft hydraulic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T145-b
