

View Online at <https://aerobasegroup.com/nsn/6695-01-048-4554>

Special Features:

Winding resistance; 90 to 110 ohms; temperature range minus 100 to 450 degrees fahrenheit; inductance millihenrys 22 to 31; output leads polytetrafluoroethylene 6.000 in.Lg

Fsc Application Data:

Test sets, electronic systems, except specially designed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T145-b
