Overall Length:

360.000 inches

Overall Height:

2.580 inches

Overall Width:

2.500 inches

Current Type:

Dc

Voltage Rating:

15.0 volts

Special Features:

Output signal proportional to airspeed ranging from 30 to 180 knots; 50 ma max; mounted on bulkhead; 0.830 lbs

Special Test Features:

Overpressure and reverse pressureprotection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-b
