Design Type:

Valve

Thermometer:

Not included

Extension Tube:

Not included

Gage:

Not included

Special Features:

Ekit, c/o fluid sampling assembly and storage container; fluid sampling assembly c/o one ea aircraft fluid sample disconnect, 1/4 in.

Disconnect, 18.000 in. Lg flex hose, manual sampling valve, straight tube

Functional Description:

Used to withdraw hydraulic fluid samples from the aircraft and hgpu hydraulic systems to determine fluid contamination level

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T398-c
