Overall Length:

6.330 inches

Overall Height:

3.410 inches

Overall Width:

4.300 inches

End Application:

B-52g/h aircraft oas

Voltage Rating:

28.0 volts

Special Features:

Weight 2 pounds 4 oz.; provides 2 amplitude modulated outputs which vary linearly with static pressure; 3 power 6 watts mas; model tru-203/a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T145-b
