Digital Thermal Measuring System - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6695-01-250-5470

General Description:

Mused to measure temperature and carbon in steel; programmed to provide sequentially, bath temperature and carbon content readings;
has immersion probe that measures carbon by means of the liquidus arrest temperature
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
