Indicator Type:

Flow meter and light and glow lamp and gage, oil temperature and switch and tachometer and gage, temperature and meter and gage, fuel

Panel Material:

Plastic

Special Features:

T.O. 1c-130 (n) -4-1; end item is the c-130 acft; panel material is actually an acrylic or plastic composite; this is the main instrument panel assembly for the c-130; it includes p/n 3335381-3 for the pilots panel, p/n 3335381-5 for the center panel, and p/n 3335381-7 for the copilots panel; panel also includes numerous instruments and indicators including landing gear control unit assembly; oil cooler flap position indicator; lights and light assembly; term block assemblies; shield assemblies; lamps; height indicators; remote slave indicator; free air temp indicator; drift/angle/ground speed indicator; cabin air pressure indicator; rate of climb indicator; altimeter; position indicators; attitude indicator; encoding altimeter; fuel flow meters; light fixtures; and oil quantity indicators

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T122-b
