Overall Length:

5.625 inches

Overall Width:

4.320 inches

Current Type:

Ac or dc

Overall Diameter:

3.250 inches

End Application:

Nsn 3010-01-368-3992 actuator

Voltage Rating:

50.0 volts

Special Features:

Cslip ring torque transducer with a range of torque measurement of -30, 000 to 0 to +30, 000 lbs-inches; flanged for in line measurement of torque between input and output motor and actuator devices

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-b
