## NSN 6695-01-350-9149

Motional Pickup Transducer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6695-01-350-9149

Overall Length:
5.625 inches
Overall Width:
4.320 inches
Current Type:
Ac or dc
Overall Diameter:
3.250 inches
End Application:
Nsn 3010-01-368-3992 actuator
Voltage Rating:
50.0 volts
Special Features:
Cslip ring torque transducer with a range of torque measurement of -30, 000 to 0 to +30, 000 lbs-inches; flanged for in line measurement of
torque between input and output motor and actuator devices
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T145-b
