**Overall Length:**

5.625 inches

**Overall Width:**

4.320 inches

**Current Type:**

Ac or dc

**Overall Diameter:**

3.250 inches

**End Application:**

Nsn 3010-01-368-3992 actuator

**Voltage Rating:**

50.0 volts

**Special Features:**

Cslip ring torque transducer with a range of torque measurement of -30, 000 to 0 to +30, 000 lbs-inches; flanged for in line measurement of torque between input and output motor and actuator devices

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T145-b
