Overall Length:

3.000 inches

Overall Width:

2.125 inches

Mounting Hole Quantity:

4

Overall Thickness:

0.190 inches

End Application:

Vertical launch system

Mounting Method:

Hole

Material:

Aluminum alloy, qq-a-250/11, alloy 6061, t6

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, alloy 6061, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-h
