Overall Length:

10.050 inches

Overall Width:

2.250 inches

End Application:

Communications and data systems signal proc u / 66990

Material:

Aluminum alloy, qq-a-200/8, 6061, t6

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8, 6061, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-h
