Terminal Quantity:

10

Terminal Type:

Wire lead

Overall Length:

5.750 inches

Current Type:

Ac

Overall Diameter:

0.880 inches

Actuation Method:

Mechanical linkage

End Application:

Brake sensor assembly, pacer dawn

Electrical Connection Quantity:

10

Mechanical Connection Quantity:

2

Mechanical Connection Size:

0.2500 dia

Special Features:

Electrically sensed linkage; 10 leads in two pigtails

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T145-b
