Overall Length:

17.500 inches

Overall Height:

7.500 inches

Overall Width:

11.600 inches

Voltage In Volts And Current Type:

250.0 ac

Special Features:

4preprogrammed capabilities for periodic and functional testing of cru-60/p regulator connector; cru-80/p cbo connector; cru-94/p integrated terminal block; csu-13/p anti-g garment (usaf); csu-17/p vest assembly; capability to add addl req as needed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
