Fluid-hydraulic Pressure Transducer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6695-01-466-9934

Special Features:

Shelf Life:

Fiig: T145-b

Weather-tight pressure transducer; 4 to 20ma current output; screw terminal connections; null and span adjustments; 17-4pl-l stainless steel wetted construction; excitation; 12 to 67 vdc; pressure port connection 7/16-20 unf; enclosure nama-4 rated; pressure cavity volume .106 cubic inches
