Terminal Quantity:

1

Terminal Type:

Connector, receptacle

Mechanical Connection Quantity:

1

Mechanical Connection Size:

1/4 inch-28 threads

Special Features:

Electrical stroke 7 inches, 10 kohm; stainless steel shaft; sealed five pin rear connector; operating force 2.5 newton (0.5 lb.); water resistant seal; temperature m55 degc to p125 degc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T145-b
