Terminal Quantity:

1

Terminal Type:

Connector, receptacle

End Application:

Boat, bridge erection

Mechanical Connection Quantity:

1

Mechanical Connection Size:

1/4 inch-28 threads

Special Features:

Electrical stroke 6 inches, 9 k ohm; stainless steel shaft; sealed five pin rear connector; operating force 2.5 newton (0.5 lb.); water resistant seal; temperature m55 degc to p125 degc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-b
