**Terminal Quantity:**

1

**Terminal Type:**

Connector, receptacle

**End Application:**

Boat, bridge erection

**Mechanical Connection Quantity:**

1

**Mechanical Connection Size:**

1/4 inch-28 threads

**Special Features:**

Electrical stroke 6 inches, 9 k ohm; stainless steel shaft; sealed five pin rear connector; operating force 2.5 newton (0.5 lb.); water resistant seal; temperature m55 degc to p125 degc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T145-b
