

View Online at <https://aerobasegroup.com/nsn/6695-01-481-2039>

Special Features:

Guard level hpt-2 pressure transducer; stainless steel sensor and diaphragm; high accuracy piezoresistive silicon sensing element; output signal: 4-20ma, 2 wire standard; ambient conditions: housing: -40 degrees c to +121 degrees c, sensor: -20 degrees c to +80 degrees c; meets nema 4x, ip67

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T145-b
