Overall Length:

2.980 inches

End Application:

Flowmeter 4801276 and 4801277; transducer, clamp-on set of two

Mechanical Connection Quantity:

1

Mechanical Connection Size:

1 inch npt

Mechanical Connection Type:

External thread

Product Name:

Inavy-transducer

Special Features:

1 inch npt thread; sumersible connector with o-ring; materials: wedge is epoxy; cover is 316 stainless steel; usa certification: csa, nrtl class 1 div 1, group c & d; 1 mhz, standard materials; normal temperature; -4 to 122 degrees f; submersible uhf connector wit o-ring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-b
