Overall Length:

7.000 inches

Overall Width:

16.000 inches

End Application:

Dehydrator, backup

Accessory Components And Quantity:

Instrument panel 1; pressure guage 1; filter fink 1; guage calibration valve 1; shocks 2; nut 5; flat washer 7; screws 3; label 4

Material:

Aluminum and stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
