Overall Height:

1.375 inches

Overall Width:

1.281 inches

End Application:

S-70b helicopter

Product Name:

BI fold transducer

Special Features:

Body thickness 0.063 in. Nom.; operating temp range minus 25 to 85 deg. C; basic switch contact design; nonpile-up symmetrical pole, 1 single section

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T145-b
