Current Type:

Dc

End Application:

7385926 (53711) fwd propulsion section assembly

Electrical Connection Quantity:

1

Mechanical Connection Quantity:

1

Mechanical Connection Size:

1/4 inch - 18

Mechanical Connection Type:

Internal pipe

Measurement Range:

+10.0/+750.0 pounds per square inch absolute and +10.0/+750.0 pounds per square inch differential

Product Name:

(inavy)transducer

Special Features:

Pressure gage type transducer; 0.25% accuracy; 10-750 psi absolute and differential pressure range; 4-20ma output; 1/4-18 npt female pressure port; having 5 foot integral polyurethane cable; enhanced thermals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-b
