Terminal Quantity:

1

Terminal Type:

Wire lead

Electrical Connection Quantity:

1

Product Name:

Pressure transducer

Special Features:

All-welded sensor and pressure connection; ranges 30 psi through 20,000; voltage / current outputs; high overpressure ratings; high emi/rfi immunity rating; housing: nema 4x ip65; 20% glass reinforced nylon-fire retardant to ul94 v1; wetted material: all-welded stainless steel;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T145-b
