Overall Length:

13.000 inches

Overall Height:

4.500 inches

Overall Width:

5.500 inches

Major Components:

Camera and lens

Joint Electronics Type Designation System Item Name:

Heater and thermostat assembly

Joint Electronics Type Designation System Item Type Number:

Model v.5h-h

Mounting Configuration:

Seven 1/4-20 bolt holes on base

Special Features:

Environmental

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T01200
