Functional Classification:
Aa-9.1
Functional Description:
Determines operational readiness of photographic surveillance system, airborne ks-61a
Entry Date:
710301
Reference Data And Literature:
Tm11-6720-217-12 with change 2; tm11-6720-217-35 with change 2
Relationship To Similar Equipment:
Similar to Is-40
General Description:
18 in. Lg; 18 in. W; 12 in. H; weight 73 lbs; consists of 1 test set, photographic system; 8 cable assembly, special purpose, electrical
Type/model Designation:
Ls-40a
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
