**Product Name:**

Pyroelectric array camera

**Special Features:**

Application for uv and ir; pc interface - gigabit ethernet; operating temperature 5 to 50 c; power consumption 12, 12vdc, 60/50 hz frequency, external supply; detector array - active area 12.8 mm x12.8 mm, number of elements 160 x 160

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A515x0
