Fire Retarding Characteristic:

Fire retarding

Mounting Type:

Ceiling

Surface Finish:

Matte white

Prime Mover Type:

Spring

Furnished Items And Quantity:

Any acceptable

Installation Design:

Portable

Surface Feature:

Solid

Foldability:

Nonfoldable

Maximum Width And Location:

84.000 inches picture

Picture Maximum Height:

63.000 inches

Light Transmission Screen Design:

Reflecting

Material:

Cotton

Material:

Cotton

Specification Or Standard:

1 type and 1 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T150-e
