Fire Retarding Characteristic:

Fire retarding

Mounting Type:

Ceiling

Surface Finish:

Matte white

Prime Mover Type:

Spring

Border Color:

Black

Installation Design:

Portable

Surface Feature:

Solid

Foldability:

Nonfoldable

Maximum Width And Location:

96.000 inches picture

Picture Maximum Height:

96.000 inches

Light Transmission Screen Design:

Reflecting

Material:

Plastic

Specification Or Standard:

1 class and 1 type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T150-e
