Overall Length:

36.000 inches

Overall Height:

35.000 inches

Overall Width:

23.000 inches

Current Type:

Ac

Frequency Rating:

60.0 hertz

Operation Method:

Electrical

Phase:

Single

Special Features:

8max print 11.000 in.W 14.000 in.Lg; agitated by motor; revolving type drum stainless steel; all accessories listed in dept of army supply manual sig 9 dated 29 feb 52; feat perforated cylinder type; govt type janaf print washer photographic type ek-1/1/

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T150-c
