Width:

16.0 millimeters

Thickness:

0.0095 inches

Length:

1000.0 feet

Material Transparency:

Transparent

Winding Device Type:

Core

Perforation Identification Designator:

Ansi ph22.110

Controlling Agency:

Eastman kodak co

Identifying Number:

7982 type no.

Stock Type:

Machine

Special Features:

Wound iaw kodak winding specification lg452

Color:

Green

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T150-a
