**Width:**

16.0 millimeters

**Thickness:**

0.0095 inches

**Length:**

1000.0 feet

**Material Transparency:**

Transparent

**Winding Device Type:**

Core

**Perforation Identification Designator:**

Ansi ph22.110

**Controlling Agency:**

Eastman kodak co

**Identifying Number:**

7982 type no.

**Stock Type:**

Machine

**Special Features:**

Wound iaw kodak winding specification lg452

**Color:**

Green

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T150-a
