Physical Form:

Powder

Reproduction Type:

Black and white

Unit Package Yield:

2.000 gallons

Material Processing Method:

Manual

Grain Control:

Fine

Image Contrast:

High

Unit Package Content Form:

Single unit for mixing

Material Type For Which Designed:

Film

Special Features:

Pkgd in can

Reference Number Differentiating Characteristics:

As differentiated by unit pkg yield

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24700
