Width:

16.0 millimeters

Thickness:

0.006 inches

Length:

1000.000 feet

Material Transparency:

Opaque

Winding Device Type:

Core

Perforation Identification Designator:

American national standards institute ph22.110

Controlling Agency:

Kodak

Identifying Number:

7985 type no.

Stock Type:

Machine

Special Features:

Wound in accordance with kodak specification wl452

Color:

White

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T150-a
