Width:

266.7 millimeters

Length:

317.7 millimeters

Specific Use:

Projection printing

Emulsion Type:

Black and white

Reproduction Type:

Negative

Emulsion Sensitivity:

Artificial light

Base Material Thickness:

0.0120 inches

Special Features:

Satin finish

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A52810
