Width:

16.0 millimeters

Length:

50.0 feet

Current Type:

Dc

Environmental Protection:

Explosion proof

Cover Quantity:

1

Specific Use:

Motion picture camera

Carrying Case:

Not provided

Compartment Quantity:

1

Protector Type:

Cover plates

Loading Characteristic:

Daylight or darkroom

Film Accommodation Type:

Roll

Motion Picture Film Type:

16mm silent

Film:

Not included

Image Motion Compensation:

Not included

Format Size:

0.631 in. X 0.868 in.

Automatic Cutoff Control:

Not included

Automatic End Film Switch:

Not included

Voltage In Volts:

28.0

Specification Or Standard:

Lb-4 type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T150-a
