Overall Length:

6.800 inches

Overall Diameter:

3.000 inches

Design Type:

Telephoto

Lens Focal Length:

Between 70.0 millimeters and 200.0 millimeters

Product Name:

Telephoto zoom lens

Special Features:

Focal length and max. Aperture: 70-200mm, 1: 4.0; lens construction: 16 elements in 13 groups; diagonal angle of view: 34-12 degree; closest focusing distance: 1.2 (3.9 ft) ; zoom system: rotating type; filter size: 67mm; weight: 705 grams

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T150-f
