Width:

Between 0.641 inches and 0.656 inches

Length:

Between 0.641 inches and 0.656 inches

Base Material:

Any acceptable

End Application:

Aegis

Film Type:

Sheet

Emulsion Type:

Black and white

Reproduction Type:

Positive

Usage Design:

Used in conjunction with pushbutton switch assemblies

Processed Film Type And Quantity:

1 sheet

Special Features:

Thickness 0.007 in nom

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T150-a
