Physical Form:

Liquid

Quantity Within Each Unit Package:

440.000 pounds

Composition And Percentage:

98.7 by weight cresylic acid

Impurities Limitation In Percent:

Oil 0.25, and water 1.0

Supplementary Features:

Net explosive weight 0.1; dot label code r; dot marking code bn; department of defense hazard class division 6.1; department of transportation class r; storage compatability group I

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10800
