Physical Form:

Crystal

Quantity Within Each Unit Package:

5.000 pounds

Composition And Percentage:

98.0 by weight barium chloride

Impurities Limitation In Percent:

Insoluble matter0.01, oxidizing substances0.007, substances not precipitated by sulfuric acid, calcium0.0007, iron0.0003, strontium0.10

Special Handling Feature:

Poisonous

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
