Physical Form:

Liquid

Quantity Within Each Unit Package:

500.000 milliliters

Distillation Temp:

210.9 degrees celsius initial boiling point and 212.9 degrees celsius final

Distillation Evaporation Percentage:

95.0 final

Specific Gravity Value:

Between 1.196 and 1.199

Special Features:

1.196 to 1.199 sp gr at 25/25 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
