Physical Form:

Liquid

Quantity Within Each Unit Package:

1.000 pounds

Composition And Percentage:

85.0 by weight ethyl acetate and 88.0 by weight ethyl acetate

Impurities Limitation In Percent:

Water0.20, acidity0.01, nonvolatile matter0.005

Distillation Temp:

70.0 degrees celsius initial boiling point and 80.0 degrees celsius dry

Specific Gravity Value:

Between 0.883 and 0.888

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
