Physical Form:

Liquid

Quantity Within Each Unit Package:

1.000 gallons

Special Handling Feature:

Flammable

Derivation:

Petroleum

Distillation Temp:

85.0 degrees celsius initial boiling point and 143.0 degrees celsius dry

Specific Gravity Value:

Between 0.708 and 0.768

Specification Or Standard:

li type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
