Unit Package Quantity:

1 bottle

Quantity Within Each Unit Package:

1.0 quarts

Solute Designation:

Any acceptable

Solvent Designation:

Any acceptable

Stabilizer Material:

Potassium furoate

Special Features:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and texting specifications

Specification Data:

03950-8723-0033 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T093-a
