Physical Form:

Liquid

Quantity Within Each Unit Package:

55.000 gallons

Composition And Percentage:

31.45 by weight hydrochloric acid

Special Handling Feature:

Corrosive

Specific Gravity Value:

1.160

Substance/water Temperature At Specificationific Gravity Ratio:

60.0 degrees fahrenheit and 60.0 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
