Physical Form:

Liquid

Quantity Within Each Unit Package:

54.000 gallons

Composition And Percentage:

93.0 by weight 1, 1, 1-trichloroethane

Distillation Temp:

70.0 degrees celsius initial boiling point and 88.0 degrees celsius dry

Specific Gravity Value:

Between 1.300 and 1.327

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
