Tin Octoat Stannous Ethylhexoate - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6810-00-546-4853

General Description:

Percent total tip min 28.0 pct, pct stannous tip min 27.0 pct, color gardner 5. pounds/gallon 80 degrees f 10.40 to 10.65, specific gravitype

Shelf Life:
50 lb can
Reference Number Differentiating Characteristics:
which is solvents, nuocure 28 is an excellent catalyst for one shot polyurethane foam process
80 degrees f 1.250-1.280, viscosity 80 degrees f gardner p 4.00 poises, nuocure 28 is a stannous 2-ethylehexoate in a clear liquid form
referritional tiff filling 20.0 pct, pet staffillous tiff filling 27.0 pct, color gardner 5 , pourids/galloff od degrees 1 10.40 to 10.05, specific gravitype

Demilitarization:

Unit Of Measure:

No
